There's a point behind introducing our newest outboards.

Fishing. That's what our all-new 8, 9.9 and 30 HP outboards are all about.

The new Suzuki 30 is a 3-cylinder loop-charged marvel of technology that really puts out. It's the only engine in its class to offer I.C. ignition. Plus, it features Suzuki's exclusive engine monitoring system. For smooth trolling and super-crisp acceleration, this motor is the one. You even get your choice of electric or manual start and an external idle speed adjustment.

Our brand new 8 and 9.9 HP models bring Suzuki oil injection to the small motor fishing market. They also feature Mikuni carburetors, all-new tough 2-cylinder loop-charged system, electronic ignition and thermostatically controlled cooling systems. These babies are something else.

And all three of our new outboards are backed by a factory 24-month limited warranty. (See your Suzuki dealer for details.)

If you take your fishing seriously, you should take a serious look at this trio from Suzuki (even if all you want is some serious fun).

Services

TIMELINE Group Workshops and Private Hypnotherapy Sessions

TIMELINE Group Workshops are 4 hours long. Please check the [Events Calendar](#) for the latest workshop schedule.

Private Group Workshops of 10 or more people can also be scheduled at your location.

Private Regression Sessions take 2 hours and are available at my office or over the phone. All sessions are digitally recorded onto an MP3 file. To do the phone session you'll need a quiet room with subdued lighting and a comfortable reclining chair or bed to lie down on. You also must have a land phone line as well as a headset with microphone for some
